

Dear Parents/Guardians,

I hope this letter finds you well. As part of our ongoing efforts to enhance the educational experience for our students in the Diocese of Orlando, we are conducting a technology survey in all our schools for grades 5th to 12th aimed at understanding the technological needs and preferences of our students.

The survey asks about:

- The technology resources at your school
- How students and teachers use technology
- Students' technology skills
- The benefits of using technology

The survey will be conducted during school hours and will take approximately 15 minutes to complete. The questions in the survey are designed to gather information about your child's access to technology, their familiarity with various digital tools, and their preferences regarding technology use in educational settings. No personal identifiable information will be collected. Participation in this survey is entirely voluntary, and your child's responses will be kept confidential. The information collected is anonymous and will be used solely for research and educational purposes and will not be shared with any third parties. The insights gathered from this survey will assist us in improving our technology infrastructure and educational resources to better serve our students' learning needs. A copy of this survey has been provided.

If you do not want your child to participate in the technology survey, please sign and return the attached consent form to your school by **May 1, 2024**. The survey will be conducted after that date. If you have any questions or concerns regarding the survey or its administration, please do not hesitate to contact me at maguilar@orlandodiocese.org.

Thank you for your cooperation and support in this endeavor. Your involvement is invaluable to us as we strive to continually improve the educational experience for all our students.

Yours in Christ,

Margie Garland-Aguilar
Director of Instructional Technology
Office of Catholic Schools
Diocese of Orlando
50 E. Robinson St., Orlando FL 32801

I, _____, do not grant permission for my child,
_____, to participate in the technology survey conducted by the
Diocese of Orlando.

Diocese of Orlando Office of Catholic Schools Technology Assessment

Educational Technology Assessment for Students 2023-2024

This technology needs assessment is intended to help diocesan and school level decision makers collect data to plan and improve uses of technology in teaching and learning activities. This survey is to be completed by students in grades 5-12.

*** 1. School name: (please select from dropdown)**

*** 2. Grade level currently enrolled:**

- ☐ Grade Five
- ☐ Grade Six
- ☐ Grade Seven
- ☐ Grade Eight
- ☐ Grade Nine
- ☐ Grade Ten
- ☐ Grade Eleven
- ☐ Grade Twelve

*** 3. How would you rate your overall ability to use technology:**

Beginner: I need a lot of help when using technology.

Intermediate: I need some help when using technology.

Advanced: I need very little help when using technology.

Expert: I can use technology on my own without help.

*** 4. Please select which of the following best describes technology use in your school.**

I use technology in **none** of my classes.

I use technology in **few** of my classes.

I use technology in **most** of my classes.

I use technology in **all** of my classes.

*** 5. 1. Check all classes for which you have used technology this year. (check all that apply)**

- ☐ Art
- ☐ Technology (STREAM, Coding, etc.)
- ☐ Music
- ☐ English/Language Arts
- ☐ World Language
- ☐ Physical Education/Health
- ☐ Social Studies/History
- ☐ Mathematics
- ☐ Science
- ☐ Other (please specify)

*** 6. The more frequently teachers use technology, the more I enjoy school.**

Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
★	★	★	★	★

*** 7. Compared to other kids my age, I am...**

- ☐ Not at all skilled with computers.
- ☐ A little bit skilled with computers, but less than most kids my age.
- ☐ About as skilled with computers as other kids my age.
- ☐ Somewhat more skilled with computers than most kids my age.
- ☐ More skilled than almost every kid my age.

*** 8. Do you have a computing device (desktop, laptop, tablet) at home?**

- ☐ Yes
- ☐ No

*** 9. Do you have your own smart cellular phone?**

- ☐ Yes
- ☐ No

*** 10. Do you have access to a reliable internet connection at home?**

- ☐ Yes
- ☐ No

*** 11. For each of the following statements, tell us whether it was usually true for you or usually not true for you when you used a device in the classroom to learn a subject or do a project.**

Not usually true for me

Usually true for me

Don't know

Using a device made learning the subject or doing the project easier for me.

☐
☐
☐

Using the device made learning the subject or doing the project more interesting for me.

☐
☐
☐

I felt that I was doing a better job when I was using the device than not using it.

☐
☐
☐

Using the device made learning more difficult for me.

☐
☐
☐

*** 12. Please rate your overall level of comfort and expertise with the following technology skills. Select the best answer for you.**

Extremely

Uncomfortable

Uncomfortable

Neutral

Comfortable

Extremely

Comfortable
